-----------	--------------	------------------------

The 2013-2014 NES Directories arrived on Wednesday and have been delivered to the classrooms for distribution! They are distributed to each NES family through the oldest or the only Niwot Elementary student in each family and are labeled with the family name. Students with two households receive a separate copy for each household.

Ad sales totaled \$9,850 and total expense (printing) was \$3,500, yielding a net revenue of \$6,350.

A special thank you to ToolStudios for their generous donation of the design and production of the entire book.

Volunteers are needed to help with the March 1 distribution of the "PTAC Approved Sponsor Packet" which will contain marketing fliers from our sponsors and will go home with each student. Please contact Jennifer Bair at [NiwotDirectory@gmail.com](mailto:NiwotDirectory@gmail.com) or [720-272-4949](tel:720-272-4949) if you can help.

Thank you for your patience as the joint committee worked diligently to overcome unforeseen obstacles and delays with the student and family data.

**THIRD ANNUAL "MWEBAZA DAY" IS ALMOST HERE!**

"Mwebaza Day" is coming up soon!

In case you are not aware, Mwebaza Day was inaugurated two years ago during an assembly celebrating the visit of Ms. Namatovu to our school. Ms. Namatovu is the headmistress of our partner school in Uganda, Mwebaza Infant Primary School. Mwebaza Day was initiated by some parents and the PTAC with the help and blessing of Dr. Keppler. They wanted to capture the spirit of the day and continue it into the future, as well as celebrate the long-standing connection we have with Mwebaza School. It was also envisioned as a day for our community to be thankful for what we have and focus on ways to help others in our community and world. The first Thursday in December was designated as Mwebaza Day. This year, Mwebaza Day falls on Thursday, December 5.

There are several special events planned for Mwebaza Day this year.

Once again, there will be assemblies in the morning on the 5th. ***Parents are invited to attend one of these assemblies.*** K-2 will have their assembly starting promptly at 9:15, and the assembly will go until about 10:00. Grades 3-5 will need to be in the gym by 10:15 and will finish up around 11:00. The first part of each assembly will be Skyping with the children and staff at Mwebaza School. Miss O has taught the children three songs to sing to their pen pals, and they will be singing several songs to us. There is no guarantee that Skype will work on the day of the assembly. If it does not, we will show the children some videos of their pen pals performing, and then film our students performing their songs to share with the children there. Mwebaza School will do likewise. But last year, we managed to make everything work, even with a power outage in Uganda right before the start of the first assembly. The day was saved due to reserve power on the Ugandan laptop and candles!

In support of our Ugandan friends, we are asking that children from different grade levels wear clothing of a specific color connected to the Ugandan flag on Mwebaza Day. For those attending the first assembly, we'd like Kindergarten students to wear yellow, first grade students to wear black, and second graders to wear red. The children of Mwebaza will see our students as a giant Ugandan flag! For the second assembly, we'd like 3rd grade students to wear yellow, 4th grade students to wear black, and 5th grade students to wear red.

The second part of each assembly will be a performance by the Boulder Bike Underpass A Capella Choir. This choir specializes in African music. We will leave the Skype connection on so that the children of Mwebaza can hear this special musical performance as well.

We will be continuing with two traditions that were started last year: the Mwebaza Day writing assignment, and the toast of passionfruit juice (obutunda) in the afternoon.

The writing assignment is a prompted writing activity where kids can respond to one of several prompts concerning gratitude, the pen pal relationship, cross-cultural sharing, etc. We want kids to have the opportunity to reflect on the partnership and what they are learning about their pen pals... and themselves! Several selections will be chosen from each grade level and displayed at the front of the school building. This is not a writing contest, but we will choose a selection of responses that represent different perspectives for each prompt.

After the assemblies, parent volunteers will be visiting individual classrooms to lead kids in a toast of passionfruit juice. Passionfruit juice is traditionally consumed in Uganda to celebrate special occasions. This little gesture of friendship was extremely popular last year - the children loved it, and many have been asking if we are going to do it again this year.

Our last event for the day is simple, but cool! When Miss O was in Uganda this summer, she was taught special African drumming rhythms. She will be teaching one of these rhythms to the students before Mwebaza Day. At a certain time near the end of the day, Miss O will come on the PA system and begin drumming the rhythm. We'd like all kids and staff to join in all over the school. Mrs. Freeman will be making special drums for beating out this rhythm with first grade, but anyone at any grade level can beat out the rhythm on a leg or desk top. It will be so exciting to hear the whole school resonating with the same beat.

#### **MESSAGE OF GRATITUDE FROM MS. NAMATOVU**

Ms. Namatovu, the headmistress of Mwebaza School, recently sent this short message of gratitude to be sent to the Niwot community:

*Mukwano (friend), please tell your wonderful students and their families and the staff at Niwot that we send our love and we are so proud of them for the work they are doing to have our kids study in a good environment and be better educated because the advances they are making in education will not only transform our villages as a shining, progressive, inspiring, example, but they will transform all over Uganda. The good news about Mwebaza Foundation will spread and forever more each coming generation will hold a higher expectation for themselves - especially the females like Namatovu!*

As of two weeks ago, I had to reapply with Boulder County Open Space for them to issue me a new date for the Trot. I submitted paperwork (again) and I have to allow them up to four weeks for them to approve. I asked for the month of April. Either the weekend before Easter or the weekend after. Keep your fingers crossed. This has been not an easy task.

Thanks,

Original Works is basically complete. The orders were delivered to the classrooms Monday, November 11, 2013. The only thing that is left to do is deal with any order problems that may arise, and pay the invoice. Jennifer has the invoice, and will pay the bill directly. The final profit was \$1355.75

Parent Volunteers for the Science Garden have been super busy giving presentations to our classes. I am THRILLED to report that every class has received or is scheduled to receive our special hands-on fall Science Programs. Without our volunteers we wouldn't be able to give the children these fun, interactive talks that provide additional exposure to the science all around us. Thank you to the following volunteers for presenting these programs to the children: Kindergarten-- "Fall"--Kirsten Borbe-Sanchez, Gretchen Johnson, Michelle Heitz; 1st Grade-- "Seed Dispersal"--Nadia Moore, Camille Patton, Danielle Heinrich, Shawn Lyndon, Jenn Bair; 2nd Grade--"Photosynthesis"--Donna Blondeau, Geoff Millington, Uli Heitz; 3rd Grade--"Compost and the Scientific Method"--Leah Hanley; 4th and 5th Grades will receive talks given by the Boulder County Parks and Open Space about "Life Zones and Wildlife of Boulder County" on December 13. We will likely need additional volunteers for crowd control on that day. Thank you also to all the volunteers that helped with running experiments, activities, and for making our projects run smoothly. I am very grateful that you were able to invest your time, enthusiasm and effort to make our program great!!!

## **CLOSING:**

The meeting was adjourned at 7:38pm.

Respectfully submitted,  
*ReAnna Damek*  
PTAC Secretary

Due to the Principal's Update before the PTAC meeting, we held a short meeting. The following is the Teacher's Report from Jenna Olschlager but was not read at the meeting.

### November PTAC Report 2013

Thank you so much for sponsoring the Science Assemblies! The children enjoyed it SOOOOO much!!! It's events like these students will remember forever. ☺

#### **2<sup>nd</sup> Grade**

THANK YOU to the PTAC for funding the clickers for my classroom. They were just delivered to me on Monday and I am having fun experimenting with how they work. They are an incredible progress monitoring tool and I cannot wait to introduce them to the kids. You guys rock! Mrs. Tidik

#### **4<sup>th</sup> Grade**

SO, we have successfully completed our Personal Narratives via Google Docs. The kids are now pretty good at quickly getting on to the Chrome books as well and the Macs and getting to their docs. They also practiced revising and editing directly onto their Google docs. Overall, I think this was a successful Unit. My goal is to now work in a weekly small group during my

reading time that has the kids using technology. :) We will once again use Google docs for our next Unit in Writing which will be Essays.

Mrs. Tagley

### **Music**

All-State Choir - students will work hard to memorize lots of music to perform with some of the best 4<sup>th</sup>-6<sup>th</sup> grade students in the state on January 25<sup>th</sup> in Colorado Springs
